RE: Doctor of Podiatric Medicine Certificate No. E 3141
Case No. 1B-2009-201010

Public Letter of Reprimand

An investigation by the Board of Podiatric Medicine revealed you failed to document surgical misadventure on two patients, failed to obtain written consent, prescribed Ambien to a family member without written records, and prescribed narcotics without an interim evaluation or failure to supervise those prescriptions.

These actions constitute a violation of California B&P Code sections 2234 (c) and 2266, repeated acts of negligence and failure to maintain adequate and accurate medical records, respectively.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
